Workspace Redesign

Soliciting Ideas, Opinions, and Suggestions

Kenny Gruchalla - CADSWES

Motivations for Redesign

- **Usability Features**
  - Standard GUI features
- **Enhanced Visualization**
  - New ways to represent, view and understand both static and dynamic aspects of the model.

Usability Features

- Zooming / Scaling
- Printing
- Color options
- Context-sensitive popup menus
- Intelligent labelling
- Tool tips & Status bar
- ....

Enhanced Visualization

- Accounting network visualization
- Layered representation
- Stylized Links
- Subbasin visualization
- Geo-referenced objects
- Visualization of system dynamics
- Visualization of rule consequences
